1. ABOUT CRECER GRANDE

Creцер Grande is an engineering and industrial services venture focused on helping manufacturing and engineering businesses improve machine uptime, source industrial components, manage engineering work and strengthen business documentation. We combine engineering capability, an on-demand technical network and practical manufacturing support to provide flexible solutions without the overhead of a large permanent organisation.

2. ABOUT THE DIVISION

Creцер Grande - Tender & GeM Support Division assists industrial suppliers and MSMEs in identifying relevant opportunities, organising bid requirements and preparing structured technical and commercial submission packs. The bidder remains responsible for eligibility, declarations, quoted prices, statutory compliance and final submission approval, while the award decision always remains with the buyer or procuring authority.

3. OUR CAPABILITIES

Tender Discovery & Shortlisting

Find relevant opportunities and screen the basic fit

- GeM bids and Reverse Auctions
- Government / PSU tender portals
- Industrial and engineering categories
- Product / service keywords
- Location and delivery requirements
- Bid closing date and commercial size
- Initial review of scope, eligibility and technical feasibility

Eligibility & Compliance Review

Translate bid conditions into an actionable checklist

- Specification-by-specification matrix
- Drawing / BOM / make-model requirements
- Certificates / test reports
- Seller / OEM / reseller conditions
- Turnover / experience / past-performance requirements
- EMD / PBG and delivery conditions
- ATC / special terms review

GeM Seller & Bid Support

Structured support across the seller journey

- Seller-profile / document readiness
- Catalogue data preparation
- Bid / RA document checklist
- Technical-compliance file preparation
- Document naming / organisation
- Submission review before final approval
- Post-bid clarification and order-document support

Bid Document Preparation

Build a clear submission pack

- Bid checklist and eligibility summary
- Technical compliance matrix
- Document index
- Deviation / clarification list
- BOQ / price-sheet preparation support
- Product data / catalogue pack
- Manufacturer / reseller document checklist

Working Method

Customer remains in control of final declarations and commercials

- Customer shares bid / tender documents
- Crecer Grande extracts requirements
- Gaps and expiry issues are flagged
- Customer provides missing declarations / proofs
- Submission pack is organised
- Customer approves final values and declarations

Reverse Auction & Commercial Discipline

Prepare internal limits without anti-competitive conduct

- Understand available bid information
- Prepare internal price limits
- Maintain document readiness
- Bidder remains solely responsible for final price entry
- No coordination between competing bidders or competitor-information disclosure

Post-Award / Order Support

Continue documentation support after award

- Purchase / contract document review
- Order-acceptance checklist
- Delivery-document planning
- Inspection / test document coordination
- Invoice / dispatch document checklist
- Performance-security / PBG tracking
- Clarification / amendment document support

4. CREDENTIAL & ACCESS SECURITY

- Portal credentials, OTPs, DSC tokens and banking information should remain under customer control
- Authorised customer representative should review and approve final submission
- Sensitive access information should not be permanently stored without a separately documented secure arrangement

5. IMPORTANT BOUNDARIES

- Crecer Grande is not GeM, a procurement authority or a tender-issuing authority
- No guarantee of bid acceptance or award
- Live bid documents and official portal instructions always govern
- Legal, taxation or statutory opinions should come from the relevant qualified professional

6. SCOPE REVIEW BEFORE QUOTATION

- Bid number / link and closing date
- Product / service category
- Target supply scope
- Existing seller / OEM status
- Technical, commercial and documentary complexity

7. SUBMISSION PRINCIPLE

- Qualify first
 - Prepare evidence
 - Flag deviations
 - Review before submission
 - Maintain customer approval over final commercials and declarations
-
